MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS: Our Company is associated with world class and reputed international OEMs in the areas of Mobile Fire Fighting and Rescue equipment, Runway Rubber Removal Machine, Airport Baggage and Cargo handling, Road Cleaning Equipment, Power Transmission System, Friction Testing Machines, Climate Control Systems for off and on highway vehicles (including construction and mining equipment etc).

We have been in this field for the last 15 years looking after the spare parts distribution and after-sales service for all the equipment supplied by our associates. We work with all the major airports in India such as Delhi, Mumbai, Hyderabad, Bangalore, Chennai, Refineries, Municipal Corporations etc., with whom we have Annual Maintenance Contracts.

During the FY 2023-24, the Company has set up an assembling unit at Plot No 40, Doddaballapura Industrial Area 4th Phase, YG 1 Industries, Doddaballapura Taluk, Adinarayana Hosahalli, Bengaluru Rural, Karnataka, 562163. The Company has started assembling of the machineries, along with providing sales and after-sales support services.

OPPORTUNITIES AND STRENGTH: We are associated with the world-class manufacturers who are industry leaders and have a market share of 80% in their respective line of business. We are exploring the possibility of manufacturing/assembling these world class equipments in our newly built plant at Doddaballapur, Bangalore.

SEGMENT WISE OR PRODUCT-WISE PERFORMANCE: The Company is engaged in the business of providing engineering services for engineering systems, automotive components, and other allied areas. The Company also sells spare parts for performing engineering services and connect & guide the clients with the manufacturer of machines for which installation and servicing part is handled by the company and which is ancillary part of the engineering services of the company and hence, it can't be construed as separate reportable Segment.

OUTLOOK: Within this dynamic environment, we are providing best in class services to our customers. Our engineers/technicians are trained by our international associates they get frequent updates on new product offerings they are also given periodic refresher training courses.

RISKS AND CONCERNS:

We depend on the expertise of our senior management and skilled employees; our results of operations may be adversely affected by the departure of our senior management and experienced employees.

Our highly trained employees in after sales services and operations handle high-powered and complex design trucks, following manufacturer's standards to increase truck lifespan and provide reliable 24/7 service. They receive regular technology updates and selected employees undergo professional training abroad. Our strategic direction and business management rely on our directors and senior management, crucial for our success. Attracting and retaining experienced professionals is vital, as the loss or inability to recruit or retain such personnel could negatively impact our operations and profitability. Appropriate staff remuneration and incentives are essential for retaining senior management and skilled employees, although their effectiveness is uncertain.

Delay to evacuate an aircraft in an orderly and safe manner may also lead to injuries to passengers

Our business focuses on providing Airport Rescue and Fire Fighting Trucks (ARFF) manufactured by Rosenbauer International AG. These trucks are essential for quick response to accidents on airport runways and comply with regulatory standards. We also offer services for runway rubber removal, runway sweeping, and bay cleaning to ensure safety and prevent accidents caused by debris. Our role includes complete life cycle support, maintenance, and spare parts distribution. Timely arrival of our ARFF vehicles is critical for effective rescue and evacuation operations, preventing further casualties and controlling fires. While we may not be directly responsible for functional issues, any problems could impact our reputation and future business.

Revenue from our airport operations could decline as a result of a reduction in flights or other factors outside our control.

We generate aeronautical revenue through the supply and maintenance of machinery, equipment, and systems for various airport operations. However, our future revenue is uncertain due to factors such as fluctuations in fuel prices and currency exchange rates, political instability, increased competition, conflicts, labor strikes, health concerns, natural disasters, adverse weather conditions, terrorism, regulatory changes, and the development of alternative transportation options. Disruptions or financial difficulties faced by significant customers could lead to reduced flights and delayed revenue recovery. These external factors can impact our revenue from airport operations, and there is no guarantee of their stability or growth.

Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.

Our company prioritizes safety and strives to align with international best practices to build a trustworthy brand. We stay updated with technological advancements and safety measures. However, the infrastructure sector's technology requirements are subject to change. Our existing technologies may become obsolete, requiring significant costs for upgrades or implementing new technologies. Additionally, our information technology systems may be vulnerable to damage or disruptions beyond our control, such as power outages, cyber-attacks, or system failures, which could negatively impact our operations.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY: The Company implemented suitable controls to ensure its operational, compliance and reporting objectives. The Company has adequate policies and procedures in place for its current size as well as the future growing needs. These policies and procedures play a pivotal role in the deployment of the internal controls. They are regularly reviewed to ensure both relevance and comprehensiveness and compliance is ingrained into the management review process.

Adequacy of controls of the key processes is also being reviewed by the Internal Audit team. Suggestions to further strengthen the process are shared with the process owners and changes are suitably made. Significant findings, along with management response and status of action plans are also periodically shared with and reviewed by the Audit Committee. It ensures adequate internal financial control exists in design and operation.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2021, as amended ("Accounting Standards") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit/loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis and Directors Report (the "Reports"), but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows in accordance with the Accounting Standards and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to

the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

**ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements'
section of our report of even date)****Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Anlon Technology Solutions Limited (Formerly known as Anlon Technology Solutions Private Limited) ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company and its joint operations companies incorporated in India (retain as applicable) based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note.
